## 1.2 The Institute of Modern Languages

The Institute of Modern Languages is a multidisciplinary center at San Jorge University. Created in 2007, its mission is to develop, coordinate, and supervise foreign language learning and level certificates for the USJ community.

Since March 2026, the Modern Languages Institute at San Jorge University has been accredited by Instituto Cervantes, which means it meets the conditions set by the Instituto Cervantes Accreditation System for Centres, the only international accreditation exclusively focused on the teaching of Spanish as a foreign language.

We have been offering Spanish as a foreign language since the center was founded in 2007 to help you develop your communication skills in Spanish to meet your needs effectively and practically.

**DISCOVER IT!**

Our teaching team has specific training and extensive experience teaching Spanish as a foreign language at a variety of levels and in a variety of contexts. We are highly qualified and committed to quality teaching, innovation, and guiding each student. Learn more about us on our website <https://usj.es/ilm>

Our methodology is based on a practical, communicative approach, fostering dynamic and collaborative learning.

We have also been administering Spanish as a Foreign Language Certificate (DELE) exams since 2013 and we have been working with the NGO ACCEM since 2019 giving Spanish classes to support its users' integration and psychosocial wellness.

At the Institute of Modern Languages, we are constantly growing, with the goal of becoming a benchmark in Spanish language and culture teaching, thereby supporting San Jorge University's strategic plan for international recognition.

We are on the ground floor of the Student Hub, quite close to other student services such as the Academic Registry, the Library, the International Office, the Learning Space, and other shared leisure and break spaces.

# Academic offering

If you're an international student or a USJ student whose native language is not Spanish, this is for you. We offer Spanish as a foreign language and Spanish culture courses every semester at levels ranging from Common European Framework of Reference for Languages (CEFR) levels A1 to C1

The level test takes about an hour and a half and consists of two parts: a multiple-choice test of 100 questions that gets progressively more difficult and a writing task with two options to choose from.

After the test, we'll send you an email with the results and more information to [register](#).

Our classes are 1 hour and 40 minutes long, twice per week at a variety of locations on campus.

On the first day of class your lecturer will provide the Course Guide, University Teaching Platform (PDU), and other details on how the course will run

Upon completion of the course and after successfully meeting the assessment criteria, you will receive an email notification with instructions on how to download your course certificate. The certificate includes the following information: course duration, dates, level, corresponding credits, qualitative grade (Pass/Fail), quantitative grade, and course contents.

**ENJOY THE COURSE!**

## 2.2 Spanish for Health Sciences Courses

If you've started studying Nursing, Pharmacy, Physical Therapy, Psychology, or Medicine and Spanish is not your native language, you can improve your language skills with these courses.

These courses are ideal if you're at a B1 in Spanish and need to bolster your knowledge and language skills to move toward a B2. They'll also help you use Spanish more fluently and naturally in common situations, especially in academic settings as a Health Sciences student.

Remember that the content of the semester picks up where the first semester left off, but registration is separate between semesters, and you do not have to have registered for semester one to sign up for semester two

Classes last 1 hour and 40 minutes, one day per week, and take place in the classroom and at the time agreed upon with the Health Sciences Department to facilitate attendance.

On the first day of class your lecturer will provide the Course Guide, University Teaching Platform (PDU), and other details on how the course will run. At the end of the course, if you've attended at least 80% of classes, you'll receive an email with a notification to download the certificate of completion of the course with the following information: duration, dates, level, and qualitative grade (pass/fail)

# Personal and social guidance

## CAREFUL WITH CULTURE SHOCK!

There's bound to be things that surprise you! Set stereotypes aside and immerse yourself in your new environment. Our experience with Spanish language course students allows us to offer you a few pointers:

- **In Spain, people tend to act informally and directly, not just among young people!**
- **Physical contact (greetings with kisses, being in close proximity) is common. If it makes you feel uncomfortable, just say so.**
- **Some of your lecturers will ask you to call them "tú." That's a good thing, not all disrespectful.**
- **People say Spanish people aren't punctual, and that is true sometimes, but punctuality is highly valued, and class times are strict. Careful not to miss the bus!**
- **Most shops are closed on Sundays, although some supermarkets open every day. There is likely one near your apartment.**
- **The most common time for lunch is 2:00 pm to 3:00 pm and dinner is usually between 9:00 pm and 11:00 pm. It's hard to book a table at a restaurant at 12:30 pm for lunch and quite easy to book one for dinner at 11:00 pm.**
- **It will seem like activity stops between 2:00 pm and 5:00 pm. You can make the most of this time to rest and study a bit.**
- **Classes run all day, from 9:00 am to 8:20 pm. Don't worry. The last bus leaves USJ at 8:30.**
- **If you are a vegetarian or have an allergy or food intolerance, ask about the ingredients and allergens on the menu at cafés and restaurants.**
- **Discuss anything that surprises or bothers you with your classmates, friends, and lecturers. Mutual respect and clear communication are the keys to preventing conflict.**

## A few tips from your **Spanish language lecturers**

- Participate in class and share ideas with your classmates. Class is a safe space.
- It doesn't matter if you make mistakes. You're learning and mistakes are part of the process.
- Ask your lecturer whenever you have a question and ask for tutoring.
- Look for a classmate who can help you or whom you can help.
- Try to make Spanish friends in your other classes, on campus, in Zaragoza...
- Study a little bit every day. If you're not sure how to best go about it, we're here to help.
- Find a place where you feel at home.
- Sign up for the activities held by the Institute of Modern Languages to learn about and enjoy Spanish culture.
- Practice your Spanish as often as you can: at the supermarket, in the café, waiting for the bus...
- Take note of and share new expressions, curious cultural situations, and misunderstandings.
- Make the most of the resources offered by the Institute of Modern Languages and the university: Language Exchange, language courses, library, theater, Society and Intercultural Service Learning, etc.
- Make the most of your time in Spain to get a Spanish level certificate. Ask your lecturers and learn more [here](#).

# Official Spanish certification exams

Have you considered getting an official certificate for your level of Spanish while you're in Spain? Want to do an internship or work in Spain or another Spanish-speaking country? Prove your Spanish level with the DELE.

## What's the DELE?

- It's the Spanish as a Foreign Language Certificate, the only official Spanish language certificate recognized internationally, issued by the prestigious Cervantes Institute.
- It's recognized at universities, educational institutions, companies, and public agencies around the world, making it easy to move for work or study.
- It never expires and is objective proof of your skills, because it assesses what you already know, with real communication tasks.
- It can help with admission to universities, business schools, getting scholarships, and makes it easier to get visas to study in Spain.
- You choose the level and officially certify your level of Spanish based on the levels of the Common European Framework of Reference for Languages (A1, A2, B1, B2, C1, C2).
