6.3.1. Renew your loans

In the "Loans" section, check the box that appears next to the *Return date* box and then click on the "Renew" button. The new date when you must return the loan will be displayed automatically.

If you have previously renewed the material, if you have exceeded the return period or if the book is reserved by another user you can renew the material again.

6.3.2. Reserve borrowed material

In the "Availability" field, if "available" appears, you will not be able to renew the material as it is in the library facilities.

In order to be able to reserve material, the "Availability" field must specify that the document is available after a certain date, that is, it is borrowed until that date. To reserve the material, click on the "Reserve" button.
